HIMANSHU VERMA

Technical Writer & Software Engineer | Research, Content & Cross-Functional Execution Lead

Noida, India | +91 6386529962 | himanshu.hv3992@gmail.com | LinkedIn | Portfolio | GitHub

PROFESSIONAL SUMMARY

Results-driven Technical Writer and Software Engineer with nearly 4 years of experience spanning full-stack development, search engine optimization (SEO), and technical content strategy. Currently leads research, content, and cross-functional execution for The IoT Academy and upSkill Campus at UniConverge Technologies, driving 960% growth in organic search impressions (2.5M to 26.5M) and scaling monthly clicks from 8K to 6.3M within two years, verified through Google Search Console. Combines a hands-on engineering background in full-stack development and database administration with proven experience leading in-house projects, managing cross-functional teams, and translating complex technical subjects - including Generative AI, IoT, Data Analytics, and Embedded Systems - into accessible, high-performing content. Certified Prompt Engineer with a strong foundation in computer science, databases, and web technologies.

KEY ACHIEVEMENTS

- Drove 960% growth in organic search impressions (2.5M to 26.5M) and grew monthly clicks from 8K to 6.3M within two years, verified via Google Search Console.
- Led end-to-end build and launch of three platforms (The IoT Academy, upSkill Campus, and prepHQ), spanning curriculum design, content strategy, and LMS/website integration.
- Published 5+ guest articles on AI, IoT, and marketing technology topics across external industry platforms.
- Transitioned from hands-on full-stack development and database administration into technical content strategy and cross-functional project leadership within four years.
- Certified Prompt Engineer, applying structured prompt design to content research, ideation, and technical documentation workflows.

PROFESSIONAL EXPERIENCE

Research, Content and Cross-Functional Execution Lead

UniConverge Technologies | Noida, India | Nov 2023 - Present

- Managed and executed full-spectrum SEO and content marketing strategy across owned and external channels, including blogs, website content, guest posts, and articles, delivering record organic performance.
- Achieved 960% growth in total organic impressions (2.5M to 26.5M) and grew monthly clicks from 8K to 6.3M within two years, verified through Google Search Console.
- Provided end-to-end supervision and project leadership for high-priority in-house initiatives, including IIT-Roorkee and prepHQ.
- Directed content development for specialized technical domains, including Data Analytics, Generative AI, Python, IoT, and Embedded Systems.
- Led end-to-end development of The IoT Academy platform, covering curriculum design, content creation, LMS and website integration, quality assurance (QA), and launch support for IoT, Embedded Systems, Edge AI, and Data Analytics courses.
- Built and scaled upSkill Campus, an ed-tech platform offering 20+ courses, free internship programs, and career-support content to improve learner job-readiness.

Key Skills Applied: Hosting Services, Keyword Research, Keyword Analysis, SEO

Full-Stack Web Developer

EPIS Pvt. Ltd. | Feb 2023 - Oct 2023

- Built scalable, high-performance back-end solutions using modern back-end technologies to support complex web platforms.
- Collaborated within a 4-member development team, ensuring efficient coordination and smooth system integration.
- Delivered clean, maintainable code and implemented features that measurably enhanced application performance.
- Consistently met all project deadlines and milestones from February to October 2023.

Web Developer Intern

Velocity India | Oct 2022 - Jan 2023

- Led front-end development of an Employee Feedback System, ensuring an intuitive user interface and user experience (UI/UX).
- Collaborated with an 8-developer team to deliver a seamless, fully integrated front-end solution.
- Consistently exceeded expectations, delivering high-quality results within project timelines.

Database Administrator Intern

Zuxus Business Solution | Jul 2022 - Oct 2022

- Supported database administration tasks, gaining hands-on experience in database management and query optimization.

KEY PROJECTS

prepHQ

UniConverge Technologies | Feb 2026 - Present

- Tech interview and career-preparation platform built for The IoT Academy, helping learners practice skills, prepare for interviews, and gain structured support moving into tech roles.

The IoT Academy

UniConverge Technologies | Nov 2024 - Present

- Led end-to-end development, including curriculum design, content creation, LMS and website integration, QA, and launch support for IoT, Embedded Systems, Edge AI, and Data Analytics courses.

upSkill Campus

UniConverge Technologies | Nov 2024 - Present

- Ed-tech and career-upskilling platform offering 20+ courses, free internship programs, and placement-oriented, job-readiness content.

EDUCATION

B.Sc., Computer Science and Technology

Mahatma Gandhi Kashi Vidyapith, Varanasi | 2019 - 2022

Class XII, CBSE | 2019
Class X, CBSE | 2017
